Sub: Industrial training of Computer Advance PHP language with JavaScript, Angular JS and Laravel Framework

Respected Sir,

Mr. Vinit Dabhi is student of your institute pursuing his studies in final year of **Information Technology** has approached us for the industrial training at our organization.

This is to inform you that we are pleased to allot the industrial training for the period of 1st June to 15th June.

Training Platform: **PHP Language with JavaScript, Angular JS and Laravel Framework.**

The selected student will not be paid any financial assistance from our end and he will have to follow compulsory instruction with full commitment and dedication of his superiors. Since he is going to be assigned the work, he will have to be punctual and creative at his work.
